

# ST. EDMUND'S NEWS

**What's been going  
on this week at  
school!**

## NUMBER DAY

On Friday the school went number crazy! We had numbers all over clothes, in hair, on faces. Wherever I went in the school, I was picking up numbers that had dropped off costumes. It was wonderful to see so many creative number designs.

In classes, the children were participating in a range of number activities and Mr Ledger has set up a TT Rockstars battle for next week between Amethyst, Emerald and Diamond class. Let the times tables battle begin!

## OUTDOOR LEARNING

The cold and wet do not stop us from learning outside at St Edmund's. Sapphire class have been building rockets and moon buggies in their garden for their Space topic, Topaz class have been learning about and finding mini beasts, Diamond class have been building campfires at Forest School, Emerald have been riding over obstacle tracks in their biking lessons and Amethyst have been working on their passes in Hockey. The learning always continues outside of the classroom.

## MESSAGE FROM MRS STONEHAM

As we face the final the week of term, we need to stop and reflect on all that has happened and the learning that we take forward. We would like to invite you all to join your child on Friday morning at 8.45, where they can proudly share with you all that they have achieved this term. Please join them in their classrooms, where they can show you their workbooks and projects that they have been working on.

Your children are amazing and everyday that encounter and learn something new. These show and share opportunities are for us as a community to embrace each and every child and applaud all that they have learnt before we break up for the half term holidays.

**Term 3 Week 5**
